The living area represents the heart of the house, with a large double living room of great representation embellished with a special central fireplace and large windows that flood the room with natural light and give a suggestive sea view, creating a direct connection with the terrace and the beautiful private garden. The garden, the real distinguishing element of the property is spread over an area of 276 square meters distributed on two levels, an exclusive and private space ideal for outdoor dining, moments of relaxation and conviviality in every
